MORE TO LIFE THAN MEETS THE EYE

Bumblebee

Bombus spp.

The Gila Watershed Partnership of Arizona works to improve the water quality and ecosystem condition of the Upper Gila Watershed while enriching the local community through education and economic opportunity. Our goals are to conserve natural resources, increase river-based recreational opportunities for all users, teach the importance of water resources, to maintain and improve the local economy, to improve water quality and availability, and to plan and act to avoid and minimize damage from larger storms, fire, and other natural disasters. Visit www.gwpaz.org for more information!
